

Brief introduction

Ms. Doğa Kılıç, Researcher, Sustainable Aviation, Energy and Power Systems Research Group at ERHAM

- I graduated from the Department of Aeronautical Engineering at Erciyes University and gained valuable industry experience through an internship at MNG Airlines during my undergraduate studies. I contributed to sustainable aviation technologies as part of a TÜBİTAK-supported project focused on hybrid electric aircraft propulsion systems. In addition to my technical background, I am currently pursuing my master's degree at the Institute of Natural Sciences at Erciyes University. I have also joined the ERHAM team within the Faculty of Aeronautical Sciences at Erciyes University.
